How to Find and Repair Automotive Engine Backfires

Request Product Repair Service | LG USA Support

Under section 605.93 of the CARs, every person who makes an entry in a technical record shall enter the person's name and, if the entry is in respect of the performance of maintenance or elementary work, the signature or employee identifier or, where the record is kept as electronic data, enter the person's user code or an equivalent security designation.

Nutrition for the Athlete - 9.362 - Extension

In contract law, a warranty is a promise which is not a condition of the contract or an innominate term: (1) it is a term "not going to the root of the contract", and (2) which only entitles the innocent party to damages if it is breached: i.e. the warranty is not true or the defaulting party does not perform the contract in accordance with the terms of the warranty.

FSIS Guidelines | Food Safety and Inspection Service

Athletes consuming sport drinks or energy drinks should be aware of caffeine levels. Limited amounts of caffeine have been shown to enhance athletic performance. However, insomnia, restlessness and ringing of the ears can occur with caffeine consumption. Furthermore, caffeine acts as a diuretic and may cause the need to urinate during competition.

Chiller - Wikipedia

A chiller is a machine that removes heat from a liquid coolant via a vapor-compression, adsorption refrigeration, or absorption refrigeration cycles. This liquid can then be circulated through a heat exchanger to cool equipment, or another process stream (such as air or process water). As a necessary by-product, refrigeration creates waste heat that must be exhausted to ambience, or for
